Living Our Values

At Berlin Gardens, our first goal is to bring honor and glory to our creator God in everything we do. We do this by manufacturing the highest quality products, delivering our products on time and going beyond your expectations with our customer service.

All of this starts by living by our Core Values of honesty, efficiency, attitude, respect and trust. We not only say this, but we believe it.

We hope our products help you take life outdoors™.

– The Yoder Family
Classic, Carefree Vinyl

Durable and beautiful, vinyl requires very little attention. Regular cleaning with a mild dish detergent or similar product is normally all that’s required to keep your structure looking its best.

- Contains 50 percent recycled material
- Made in the U.S.A.
- Won’t crack, fade or chalk
- Easy to assemble (We’ll assemble if you prefer.)
Choice

Naturally Beautiful Wood

Top-grade, treated lumber protects your structure from the elements. Our structures are made from hand-selected southern yellow pine.

- Pressure-treated to resist decay
- Air-dried after treatment for enhanced durability
- Harvested in the U.S.A.
- Milled to exact specifications
- All wood posts laminated to avoid warping; laminations are visible
- Manufactured in kit form

Weather over time, cracking, checking and splitting are expected and add to the natural appearance.
Inside every vinyl post is a 6” x 6” wood post for reinforcement

Beams have a treated 2” x 8” wood post inside the vinyl sleeve

Purlins notched onto beams

Simpson post brackets for every post

Braces add stability for larger pergolas and high-wind locations
# Urbana

Crisp, clean lines. The Urbana vinyl pergola complements your home with classic styling.

### Mendoza WOOD PERGOLA

![Pergola Image]

The image shows an outdoor pergola structure with wooden columns supporting a roof. The pergola is equipped with decorative elements and is a part of a patio setting, possibly for relaxation or entertainment. The pergola's design includes square posts, which adds to its aesthetic appeal. The surrounding environment appears serene, with greenery in the background, enhancing the outdoor ambiance.

**Options for Customization:**
- No shade slats
- Solid laminated wood posts
- Classic or scrolled end cuts
- Simpson post brackets for every post
- Grandfather style or square posts
- 2" x 8" purlins
- Purlins notched over beams
Mendoza

Embracing the great outdoors, the Mendoza top is open and airy.

Design a Wood Pavilion in 5 easy steps.

1 Choose a style and size

**Things to consider:**
How much space do you have available?
Berlin Gardens pavilions are available in many sizes.
Measure your available space keeping in mind both post and roof dimensions.

*Roof extends past post positions.*

**Sizes**
- 10x10
- 12x12
- 14x14
- 16x16
- 18x18
- 20x20
- 10x12
- 12x14
- 14x16
- 16x18
- 18x20
- 20x24
- 10x14
- 12x16
- 14x18
- 16x20
- 18x24
- 10x16
- 12x18
- 14x20
- 16x24
- 12x20
- 14x24
- 12x24

2 Choose a beam style*

*For Hampton and Cascade only.*

- Hampton
- Cascade
- Breckenridge

Vinyl Gazebo Standard Features

Cupolas
Attractive cupolas are standard on most of our vinyl gazebo models.

Beaded Vinyl Ceiling
These ceilings not only enhance the appearance of your gazebo, but also allow for a quick springtime cleanup!

Coated Stainless Steel Roof Reinforcement Plate
Powder-coated stainless steel top-plate brackets strengthen the gazebo’s roof while remaining visually unobtrusive.

Vinyl Clad Posts
Beneath the maintenance-free vinyl is a solid 4” x 4” treated post that strengthens our gazebos for decades to come.

Octagon Floor Clubhouse Decking
Our floors are purposefully built in an attractive octagon shape, enhancing visual appeal while allowing for more efficient delivery and construction. Secured with stainless steel screws, these floors will stand up to the elements season after season.
Wood Gazebo Standard Features

Kiln-Dried, #1 Grade Lumber
Our lumber is kiln dried at the mill, then dried a second time after pressure treatment. This greatly reduces cracking and splitting.

Pine Underside Sheathing
Top-quality pine is found on the underside of each gazebo's roof. Its natural grain amplifies the rustic feel of our wood gazebos.

Roof Reinforcement Plates
Powder-coated stainless steel top-plate brackets strengthen the gazebo's roof while remaining visually unobtrusive.

Laminated Posts
Our wood gazebo posts are laminated for added strength and durability that exceeds a standard 4"x 4" post.

Octagon Floor Plan
Our floors are purposefully built in an attractive octagon shape, enhancing visual appeal while allowing for more efficient delivery and construction. Like the other parts of the gazebo, these kiln-dried floors are built to last year after year.
Design a Gazebo in 7 easy steps.

1. Choose a shape and size

   **Octagon Sizes**
   - 10', 12', 14', 16', 20', 24'
